**Health Plus™ premiums are tax-deductible if you're self employed.
This means your actual net cost is much lower than the quoted rates.**

For example, if you earn \$48,000 your top dollar tax rate is 30%. Your real cost for Optimum Single coverage goes down from \$116 to \$82 a month. At higher income levels and tax rates, the net cost for Health Plus™ could go down by almost 50%.

Sometimes government tax strategies actually do encourage people to take smart financial action.
Health Plus™ protection is one of those smart moves.
